FROM THE EXECUTIVE DIRECTOR:

Well, it has been two years since an ASAA Championship in Volleyball was held and it is very exciting for me to be welcoming students and coaches back to school sport on behalf of the ASAA.

I have never taken school athletics for granted - it has been a passion for me since I was a high school student, then later a high school coach and for many years now, a high school athletics administrator. What I did learn over the past 20 months since the pandemic started was that the passion students, coaches and parents/guardians have for school sport is alive and well.

Whilst we lost many school athletic opportunities during the pandemic, the reports I have received in the fall of 2021 point to an increased interest in school athletics from both an athlete and a spectator perspective.

Studies have shown that the levels of anxiety and depression in student athletes increased significantly as a result of losing school sport, and I trust we will see much more positive mental health in our student athletes resulting from a return to school sport. While we must remain vigilant in the ways we reduce the potential for communicable disease spread in school

sports, we must be grateful for the opportunities that now present themselves for students to participate in as safe a setting as is possible given the modifications being applied at this event.

I wish to thank the championship hosts Nicole Walliser, Christine Aubin, and all the students and volunteers at École Héritage for their positive approach to this 1A Boys Volleyball ASAA Championship and for doing all they can to ensure a safe and enjoyable event for all student athletes, coaches and spectators attending. We cannot run our championships without these outstanding volunteers.

I wish you all well,

JOHN PATON

École
Héritage

École Héritage has the reputation of being a community of learners, filled with ambitious students, a committed and well-educated staff that cares about their students, active and involved parents; and all of this in French and English.

École Héritage serves students and parents looking for a high-quality francophone education in the Catholic faith. The pursuit of excellence is fostered at the academic and athletic level. The school is actively engaged in sporting, cultural and pastoral activities.

Depuis son ouverture en 1988, l'école Héritage a pour but de promouvoir le développement de la personne, l'excellence scolaire, la fierté de la langue et de la culture canadiennes-françaises, les principes catholiques et la maîtrise des deux langues officielles du Canada.

The Lynx school teams have been recognized locally and provincially as fierce competitors with a strong sense of sportsmanship. Be prepared to hear French on and off the court – it's how we live and play! Play with heart, play with pride and play with respect. Je vous souhaite une bonne compétition et un agréable passage à Falher.

Enjoy the championships!

COACH : NICOLE WALISSER

The École Héritage Lynx boys volleyball team has been eagerly awaiting the provincial championship. Throughout the pandemic, they have maintained an excellent work ethic at practices, and only this year, were they able to play in tournaments and exhibit their fierce competitive nature. This is combined with a humble presence on the court and a great respect for the opposition. The boys played in three tournaments, winning the Sean Henry Invitational and their Zone 8 championship.

The New Norway Spartans Sr Boys Volleyball team competed in 5 different tournaments this fall. They won gold at the Forestburg and Lacombe Composite JV tournaments while placing 2nd in our home tournament to Camrose Composite. The team also competed in the Augustana Erle Berry and OLMP tournaments where they played primarily 2A and 3A teams and fared fairly well in each. We would like to thank the host committee for all the work they have done to have a provincial championship during these unprecedented times. With a relatively young and inexperienced team in the 2021 volleyball season, it has been a whirlwind for the Dragons this year. With many ups and downs within the season, our team has managed to rebuild a strong foundation for the future of our volleyball program at St. Michael's School. We have had 2 bronze medal finishes and 2 silvers (including zones) in our tournament schedule this year. This season has taken both a physical and mental toll on every athlete but their hard work and dedication to their craft has inspired the coaching staff to work harder to make sure that each athlete is ready for the big moments. With a missed season, there has been a lot of extra learning taking place and with our returning players, we are excited and continue to build for next season! Good luck to all teams that have made it to this amazing milestone in each of their athletes high school career.

Our team had a good season with a large amount of growth. We began our season with a tournament in Camrose where we got our first couple wins of the season and made it to the playoffs of the tournament. Most of our season was played in the Metro league in Edmonton. Our team played in division 3 where we finished the year with a 9-2 record. Our biggest accomplishment this year was getting 2nd place at a tournament in Fort Saskatchewan. We finished our year winning our provincial qualifier against Rundle Academy where we played a strong game winning in 3 sets.

To all attendees of the 1A Boys Volleyball Provincials,

It is an honour to welcome you to the Peace Country for this exciting tournament hosted by l'École Héritage. To the parents, coaches, volunteers, and event organizers, I'd especially like to thank you for your commitment to youth sport and wellness. And to the athletes competing, I'd like to offer my congratulations – *félicitations!* – on making it this far, excelling in your sport.

One of the great privileges of this role is to be able to boast about the beautiful area I represent, introducing Albertans to our strong communities, proud tradition, and welcoming people in the north. Falher and the surrounding areas have a unique francophone history going back well over a century to the early days of western Canadian settlement, and an indigenous culture going back much further. I know that they will be thrilled to host you and showcase this exceptional part of the world.

It is wonderful to see the return of competitive youth sport as part of a well-rounded education. In sport, we learn much. We learn what it takes to persevere and to push ourselves to greatness. We learn to train our bodies and minds. We learn how to be gracious in victory and defeat alike.

On behalf of the Legislative Assembly of Alberta, I wish all competitors our very best. May you perform at the peak of your abilities regardless of the outcome, knowing you left everything on the court.

Sincerely,

Todd Loewen, MLA
